

CERTIFICATE FOR FACTORY ASSESSMENT

IS-BJ-FA2021-IRAETA-001

The manufacturer

Iraeta Energy Equipment Co., Ltd.

No. 9001 of Jiwang Road, Guanzhuang Sub-district Office, Zhangqiu District, Jinan City,
250217, Shandong Province, P. R. China

As manufacturer for products

Forged structural steel components for use in offshore structures

in accordance with standard

NORSOK STANDARD M-123 Edition 2, October 2012

Has been audited and assessed base on section 4.2 to 4.4 of NORSOK STANDARD M-123.

The manufacturer has:

- documented knowledge and previous experience with the material and the manufacturing.
- suitable manufacturing facilities and equipment.
- established manufacturing procedures covering all important manufacturing steps from melting to finished products.
- fulfilled the requirements of ISO 9001 or equivalent.
- results of representative testing in compliance with this NORSOK standard.

Manufacturing summary was included information of manufacturer, material grade, type and size range of products and identification of manufacturing process. Meanwhile, manufacturing summary included all procedures which applied, for example, raw material inspection, forging and rolling, heat treatment, machining, NDT, final material testing and final inspection. See manufacturing summary for further information.

This certificate remains valid as long as the reference process procedures, equipment and facilities, and other technical parameters specified in Manufacturing summary are not changed.

In order to adhere the validity an annual surveillance audit is required.

Certificate No.: IS-BJ-FA2021-IRAETA-001

First issue: 2021.08.26

Valid until: 2024.08.25

Beijing, Aug. 26th, 2021
